THE STRIKE NOT ENDED.

THE BURLINGTON STRIKERS' COMMITTEE ISSUE A CIRCULAR.

Press Comments on the Actions of the Local Brotherhood Leaders—The Reading Company's Circular to Its Employes. Alabama Miners—Labor News.

CHICAGO, May 7.—Messrs. Hoge and Murphy, of the Burlington strikers' committee, have issued a circular addressed to all the subdivisions of the Burlington, emphatically denying that the strike had been declared off and explaining that the mistake was doubtless due to the order directing the Burlington & Northern men to return to work. The strikers claim to have numerous volunteer witnesses and say that a heavy shipper of pigiron has offered to give valuable testimony to the interstate commerce commission. Among other witnesses they claim to have several lumbermen.

The News says: "After admitting that the strike was a failure and was to be declared off, the local Brotherhood leaders became so frightened because their decision leaked out to the reporters that they were obliged to retract their own words. It appears that according to the rules of the Brotherhood a strike can only be begun or ended when the whole grievance committee is in session, and the intention of the leaders was to keep their decision a secret until the committee got here. The premature publication of the result of last Tuesday's caucus spoiled the whole affair, and there were some wrathful committeemen who obeyed the summons to come to Chicago."

The News then declares that many engineers did not know what they were striking for until several days after it was ordered; charges the managers of the strike with extravagance, and says: "The mismanagement at last becomes so apparent that the authority of the grievance committee among the men is practically ended. Even if the leaders make a new decision that they will indefinitely continue the strike, it is doubtful if the men throughout the system can be brought to believe that a strike which was practically dead more than a month ago can be galvanized by the mockery of continuance."

The Reading Company's Circular. PHILADELPHIA, May 7.—The following circular has been issued by the Philadelphia & Reading company:

"Notice is hereby given to the employees of this company that they will not be permitted to attempt to use undue or improper influence with our men for the purpose of securing members for labor organizations. After the strike of last winter it was found that many employees who desired to remain independent were compelled to join labor organizations in order to protect themselves from ill treatment and possible loss of situations. We will discharge every man in the employ of this company who is guilty of such action hereafter. Our experience with labor organizations during the past twelve months has not been of such a character as leads us to look with favor upon members of them as against good men who prefer to remain independent."

Switchmen Strike. LOS ANGELES, Cal., May 7.—The switchmen of the Southern Pacific road have struck and the freight department is tied up in consequence. The night switchmen work fifteen hours and the day switchmen ten hours for the same pay. The officials of the road say that new men will be employed unless the strikers return to work at once.

Alabama Miners' Troubles. BIRMINGHAM, Ala., May 7.—The 500 coal miners and 200 coke drawers at the Pratt mines quit work Thursday, rather than accept a reduction of wages. The company employ 600 convicts and 500 free miners. The former will, of course, have to remain at work. It is rumored that the miners at the Wheeling, Blue Creek and other mines will also go out.

Railroad Laborers Strike. DULUTH, Minn., May 7.—It was reported here late Friday night from Tower that the laborers working on the Ely extension of the Duluth & Iron Range road, have struck for higher wages, that the strike has extended to the laborers at the Chandler mine at Ely, and that about one thousand men are idle.

Will Return to Work. LOS ANGELES, Cal., May 7.—The differences between the Southern Pacific road and the striking switchmen, have been amicably settled and the men will return to work.

A Cow's Strange Appetite. FINDLAY, O., May 7.—Joseph Tucker, of Marion township, is the owner of a Jersey cow with a very remarkable appetite. The animal eats every cat that comes within her reach. Already this spring she has eaten five cats, and whenever a cat comes within her range of vision she is wild until she catches it, and eats it. In all other respects the cow appears to be normal in her tastes and disposition. She is three years old, and has had this peculiarity ever since she was a calf.

The Cotton Crop. MEMPHIS, May 7.—Four hundred and thirty replies from the Memphis district concerning the cotton crop, show the following: The average is 76 per cent. planted, in increased acreage 5 per cent. One hundred and ninety-four report favorable weather, 256 unfavorable, 200 needing rain. Planting operations were about fifteen days later than last year.

Austin Corbin Sails for Europe. NEW YORK, May 7.—Austin Corbin, the railroad magnate, accompanied by his daughter, Mrs. Champollion, was a cabin passenger on the French line steamship La Champagne, which left this afternoon for Havre. Mr. Corbin sailed for Europe partly in connection with the affairs of the Reading company, of which he is president.

Sliced Lengthwise and Minutely Divided. DORCHESTER, Wis., May 7.—Joseph Pongor, head sawyer in Vandusen's saw mill here, accidentally fell on the carriage, and the saw sliced him lengthwise from head to foot. Before the carriage could be stopped he was divided into twenty pieces.

Ten Rounds to a Draw.

BOSTON, May 7.—At Somerville, Mass., Friday evening Frank Maguire, aged eighteen years, weighing 119 pounds, of Cambridgeport, and James Conkley, aged twenty-six, weighing 117 pounds, of Cambridge, fought a ten-round draw with two ounce gloves, Queensberry rules, for a purse of \$100. Ed. C. Holke was referee.

WOMEN OR NO WOMEN?

Proceedings of the Fifth Day of the Methodist Conference.

New York, May 7.—The interest in the Methodist Episcopal general conference increases daily. There was a larger audience present than on any previous day of the conference.

Bishop J. F. Hurst presided, and the religious services were conducted by Rev. J. D. Wilson, of South Carolina. A woman seated in the first box on the second tier arose at the conclusion of the signing of the hymn, and said: "Can I have the privilege of saying a few words?" All eyes were turned upon her. She was about forty years of age, fashionably dressed, and evidently suffering from hysteria. Chaplain McCabe led her out of the opera house. She refused to give her name.

Rev. Dr. J. M. Buckley claimed the floor. He said he only wanted to see himself right in regard to certain remarks he had made in regard to the eligibility of women as delegates. He claimed that as the house had adjourned yesterday without fixing any special order, the rules would have to be suspended before the debate could be continued.

Prominent Cincinnatians in attendance upon the conference are Drs. Pearne, Reed, Pearson, Weakley, Easton, Palmer, Aultman and Banks, while Dr. Giffin alone represents Covington, Ky.

Memorial of the Haymarket Tragedy.

Friday's Arbeiter Zeitung was devoted to a memorial of May 4, 1886, when the Haymarket bomb exploded. It repeats the charge that the police broke up the Haymarket meeting with the intention of massacring the assembled working people, and that if the bomb was thrown by one of the assembly it was an act of self-defense. Then follow a number of sayings of the "martyrs." On the editorial page there is printed a poem by Dr. Ernst Schmidt, commemorating the executed and imprisoned Anarchists as the martyrs of liberty and progress.

The Blalock Murders.

COLUMBUS, Kan., May 7.—John and Bill Blalock were arraigned in court upon the charge of murder in the first degree for the killing of Constable David Gordon on the night of March 16, 1888. They pleaded not guilty. The men offered to plead guilty to a lesser offense but the county attorney at first declined to accept a plea of guilty of less than murder in the first degree. Friday afternoon the Blalocks were permitted to withdraw their plea of not guilty and plead guilty to murder in the second degree.

The Wheat Crop.

NEW YORK, May 7.—The Herald devotes half a page to interviews with grain men in the various cities of the west and northwest concerning the wheat crop for the coming season. Summarized the interviews indicate a deficit of from 50,000,000 to 80,000,000 bushels as compared with last year. California loses 50 per cent., while Indiana, Illinois, Michigan and Ohio will show a decrease of nearly one-half.

Another Parachute Crank.

PARIS, Ill., May 7.—James W. Fisk, an aeronaut, made a successful descent with a parachute from a balloon from an altitude of nearly a mile. The parachute did not fully open until Fisk had fallen nearly two hundred feet. Then the descent became very gentle, and a landing was made about a quarter of a mile east of the starting point.

Oglesby and the Anarchists.

SPRINGFIELD, Ill., May 7.—Friends of Governor Oglesby say that he will never pardon Fielden, Schwab and Neebe, the imprisoned Chicago Anarchists. They think, however, that he will commute the sentence of Joe Mackin after the November election, when Mackin will have only another year to serve.

Conkling's Will.

NEW YORK, May 7.—Roscoe Conkling's will, dated in 1897, leaves all his property to Mrs. Conkling. Thorough search fails to reveal any later document. The estate is supposed to amount to \$200,000.

An Appointment.

WASHINGTON, May 7.—The secretary of state has appointed Frederick A. Bancroft, of New Hampshire, to be librarian of the state department, to succeed Theodore F. Dwight, who has resigned.

Arm Saved Off.

VERMILION, Ky., May 7.—William Vanmeter, while at work in his saw mill at Tyrone, had his right arm almost severed from his body by a circular saw.

A NEBRASKA HOLACAUST.

SEVEN LIVES LOST BY THE BURNING OF A BARN.

In Attempting to Rescue Cattle From the Burning Building an Entire Family is Blotted Out of Existence—Cause of the Fire Unknown—Other Fires.

OMAHA, Neb., May 7.—Seven persons were burned to death in a barn on a farm near Arlington, Neb. They were Mrs. Freeze, who is a widow; her son-in-law, Fred Groteluschen, his wife and three children, and brother, Louis Groteluschen. They all lived on the farm and had no neighbors nearer than half a mile.

The smoke was seen in Arlington and a party of citizens went out to investigate the affair. Upon arriving at the farm they found the barn totally destroyed, together with twenty-five head of stock. In the ruins of the barn, scattered among the dead horses and cattle, they found the remains of the entire family. No one knows how it happened. Some few entertain suspicion of foul play, but the majority incline to the belief that the barn took fire in some way, perhaps through the act of an incendiary, and that the family rushed to the rescue of the live stock, and while attempting to loosen them were suffocated. No feud existed between the members of the family, and no enemies are known.

The body of Mrs. Groteluschen was crushed under the body of a horse, and was the only one which could be recognized, the others being horribly burned. The dwelling house was found to be in excellent order. The morning's work was well under way, and no disorder was noticeable. Everything goes to show that upon the discovery of the fire in the barn a rush was made to save the lives of the animals and all were caught and smothered.

The three children ranged in age from one to six years. It is singular that these young children should also have been caught in the barn. The youngest one must have been carried there by the mother in her excitement. At the coroner's inquest no evidence was produced to show foul play, and the verdict was accidental fire, the origin of which was unknown. Louis Groteluschen, who was employed as a laborer on the farm, and who also perished, was a great smoker, and it is thought, the fire caught from sparks from his pipe.

A Freight Train Partly Burned.

WAYNE, Mo., May 7.—A train of forty cars loaded with perishable freight on a branch of the Pennsylvania railroad was partially burned here last night. Eighteen box cars containing high class freight were destroyed. The accident was caused by a broken axle on an oil tank car. A brakeman was badly burned. The loss cannot be estimated.

Burn at Jersey City.

JERSEY CITY, May 7.—Five buildings on the east side of Hudson street, between Essex street and the river front, were totally destroyed by fire. The structures were all frame. The total loss is placed at \$40,000. Among the losers are Theodore Smith & Sons, boiler makers; Hyatt & Son, coopers, and Mrs. McLaughlin, liquors.

AN ALABAMA RIOT.

An Attempt to Avenge a Recent Lynching. The Militia Called For.

MONTGOMERY, Ala., May 7.—There is trouble in Lowndes county, where the negroes outnumber the whites six to one. It grew out of the murder in March of Mitchell Gresham by Theo. Calloway, a colored man. Calloway claimed the killing was in self-defense, and when about one week later he was lynched at Hayneville, the colored people began threatening and preparing for vengeance. Their demonstrations around Sandy Ridge, where the killing of Gresham occurred, became so open that white citizens applied to the sheriff for protection.

They swore out twenty warrants against as many negroes, and the sheriff, in attempting to execute one on Wednesday last, was resisted, and wounded his man before taking him. He then gathered a posse of fifty armed white men, and Friday arrested about fifteen colored men. On their way to jail they came in conflict with a large body of armed colored men and dispersed them with a few volleys. The sheriff had gone off to the nearest telegraph station and the posse was in charge of Deputies Rice, Merriweather and D. Cook. Both of these were wounded and two colored men are said to have been killed.

About 6 o'clock Governor Seay received a telegram from a large number of citizens of Lowndes county asking for military protection, and saying that armed negroes were gathering in large numbers, threatening Sandy Ridge. The governor answered that he could only order out troops on demand from the sheriff. Soon after Sheriff Brinson made a formal demand, and the governor sent down two companies of infantry, the Montgomery Grays and Blues, about sixty strong, and the Mounted Rifles, thirty strong, with horses, all in command of Col. Thomas G. Jones, of the Second regiment, state troops.

Sandy Ridge is a country village about six miles from Letobatchie, on the Mobile & Montgomery railroad. Letobatchie is about twenty miles from Montgomery, and just below McGehee's switch, where a riot was suppressed several years ago.

"THEATRICAL AGENT" IN TROUBLE.

A Louisiana Doctor Arrested in Washington for Assaulting Young Girls.

WASHINGTON, May 7.—Dr. Gideon E. Blackburn, forty-five years of age, who came here from Shreveport, La., in December last, recently advertised for "twenty-five girls of good form, between fifteen and twenty years of age, to join a theatrical troupe." He was arrested yesterday on a charge of criminally assaulting two young girls.

Soon after the advertisement appeared, Annie Saul and Annie Colback called by request on the doctor. By Miss Colback's statement it appears that he took them in turn to a bedroom adjoining the parlor of his house, and on the pretense of discovering if they were sufficient shaped for stage requirements, indecently fondled them. Vigorous protests induced the doctor to release

the girls, and they immediately left the house.

The doctor denies indignantly that he assaulted either of the young ladies, but admitted that he had inserted the advertisement and had received and examined the girls at his house. He did not claim to be a theatrical agent, but said he had consented to do this part of the work for a friend who was going to organize a theatrical company. He endeavored in vain to secure Representative Blanchard as his counsel, and was finally released on \$350 collateral.

THE WEEK'S TRADE.

Weekly Review as Reported By R. G. Dunn & Company.

New York, May 7.—R. G. Dunn & Company's weekly review of trade says: The state of business is uncertain. There is a slight improvement in some branches, increasing depression in others, but hesitation and waiting on all sides. The net result has been a little advance in prices of securities, with a considerable decline in prices of commodities.

Anxieties about money have been dispelled by treasury purchases of bonds. But the usual payments for the first week of the month have helped, and it is still uncertain whether the secretary will be able much longer to get enough bonds to prevent accumulation of money. The prospects of a reduction of revenue does not increase. At interior towns money is generally in ample supply for the existing demand. Settlements at Chicago were unusually small for May 1. Foreign exchange is a little higher, but merchandise exports also improve. The reports of trade from interior points are not enthusiastic. Inactivity or quiet is the prevailing feature, with more frequent complaints of slow collections. Reports of injury to wheat have become more definite, but the telegraph brings news of extensive rains at Denver, Omaha and Milwaukee, and in California the rain caused a sudden fall of 5 per cent. Pork products, hogs and cotton are a little higher, and oil has risen one and a half cents. Coffee and sugar are unchanged, holders being confident, but wool and hides are a shade weaker, and the collapse of the tin speculation caused a fall from about thirty-seven cents to about twenty cents. Weakening in copper naturally follows, but it is supposed that the syndicate has concentrated its efforts in order to control that market.

Lower freights have been obtained by Lehigh iron producers, but all the benefit goes to consumers. The market for bar iron, even at 1.8 cents, is unsatisfactory; plate, structural and sheet iron are all reported weaker, and steel rails are quoted at \$30.50. The southern supply of iron increases, and anthracite coal is stronger, production having diminished.

The dry goods business is more hopeful; the buying for the fall trade at this season is regarded as encouraging, though the movement is moderate and prices unchanged.

The general result of trading for the past month has been a decline of nearly 4 per cent. in prices of commodities as a whole, notwithstanding the strength in grain and produce markets.

Failures during seven days: United States, 209; Canada, 25; total, 234. Corresponding week last year the figures were 183; 158 in the United States and 29 in Canada.

ROSS COUNTY CITIZENS DISGUSTED.

They Notify an Acquitted Murderer to Leave the Country.

WASHINGTON, C. H., O., May 7.—Although Joseph Nevin, who was recently acquitted of the murder of John Stout, to the utter disapproval of the citizens of Ross county, has been served written notices to leave the county, yet it is claimed he refuses to go. The following is a copy of the notice served on him to leave the county:

"PAINT Twp., Ross Co., Ohio, }
April 28, 1888.

"To Joe Nevin, the Murderer of John Stout: 'You are hereby notified to leave this community within five days from the above date.

"By order of the Buckskin valley vigilance committee.

"Adopted by the law-abiding citizens of Paint township at the indignation meeting held at township hall.

"WE MEAN BUSINESS."

Nevin says he will not leave the county until he gets ready to do so.

Colonel Finlay's Will.

TOLEDO, O., May 7.—The will of the late William J. Finlay has been admitted to probate. Forty-five hundred shares of brewery stock were divided among his relatives, while he gave the following to charities: Two hundred and fifty shares to the Protestant orphan home, 250 to the Protestant hospital, 250 to St. Vincent's Catholic orphanage, and 250 to the home for friendless women. Three thousand dollars is given to Forest cemetery. Richard Jones and Dr. Waite are named as executors. The brewery shares are worth about \$100 each.

News to His Son.

PITTSBURGH, Pa., May 7.—Eunouis Blaine was interviewed this morning by a Chronicle-Telegraph reporter while in this city on his way to Chicago. He said the report that his father had decided to let his name go before the Chicago convention was news to him. A few days ago he received from his father a letter dated Rome, in which he said he was in the best of health and intended to leave for Genoa shortly, and that from there he should go to Nice by coach.

Fishery Treaty a Law in Canada.

OTTAWA, Ont., May 7.—Sir William Ritchie, chief justice of the supreme court of Canada, came down to the senate yesterday afternoon endowed with the power of deputy governor general, and assented to several bills passed this session. Among them was the act to ratify the fisheries treaty, which thus becomes a statute of the dominion.

CAMDEN, Ark., May 7.—Late Friday afternoon a cyclone passed over Ouachita county, doing considerable damage. It struck Josiah Herson's place, wrecked his house and destroyed his fencing. No lives were lost. Trees were twisted from their roots and buried about like straws. The storm went from southeast to northwest, in a track about one hundred and fifty yards wide. Damage is reported at several other places.

Mason Democracy.

The mass meeting of the Democracy of Mason County at the court house last Saturday afternoon was in striking contrast with the Republican convention a week ago. The Democrats were enthusiastic, and the mere mention of the names of Grover Cleveland and Simon B. Buckner was greeted with the warmest demonstration of approval. The resolution endorsing the President's administration of the general Government as "alike patriotic and honest" and as "representing the principles and illustrating the genius of a true Democracy," and approving his renomination by the national convention to be held at St. Louis was received with cheers and was adopted without a dissenting voice. There was no mistaking the sentiment of the crowd. It was unanimous and enthusiastic for the present occupant of the White House.

The endorsement of Governor Buckner's administration of State affairs was no less hearty and enthusiastic. The resolution to that effect and expressing the belief that "he is the 'model' Governor of the United States" went through "with a whirl" and was adopted amid the cheers that greeted its reading.

Simon Bolivar Buckner has won his way into the hearts of the people by his most excellent and thoroughly honest and straight-forward administration of the State affairs, and we venture the assertion that he could down Bradley or any other Republican to-day by an overwhelming majority.

Charles B. Poyntz, President of the City Council, was the unanimous choice for district delegate to the St. Louis convention, and the delegates to the State convention were so instructed.

The meeting was largely attended, and the Democrats of Mason are to be congratulated that it was harmonious throughout. All know that united and harmonious, the Democrats of the county can roll up an old-time majority and that means a victory in the district. Let past differences be forgotten and let all work together for the good of the party and success in the Ninth district is assured.

Thomas' "Medicine."

Judge George M. Thomas, Representative from the Ninth Congressional District, declared in the district convention that it was medicine administered in allopathic doses that made his opponent sick, and elected him two years ago. He said the delegates would know just what he meant, and they seemed to fully understand the allusion.—Louisville Post.

Yes, they all know it was money that did the work. It required boodle and lots of it to place the Judge where he is at present, and that, too, with all the help he received from disaffected Democrats.

With a united Democracy, the Republicans will stand no show at all in this district. The Democrats ought to profit by the experiences of the past, and labor for the success of their party, instead of private interests.

The State Legislature which adjourned last Friday passed 1,571 bills and adopted eighty-four resolutions. This beats all former records. The previous session put through 1,323 bills and fifty-seven resolutions.

There is no let-up in John J. Corneliason, who is serving his sentence at Mt. Sterling for cohabiting Judge Reid. All efforts to secure his release on a writ of habeas corpus having failed, he has now sued the Sheriff and his bondsmen of Montgomery County for \$50,000 damages for false imprisonment. Eminent counsel has been employed, and the suit will be prosecuted to the bitter end.

Three quite interesting statements are within the private and accurate information of this paper, to-wit: 1. Mr. John G. Carlisle, of Kentucky, was twice, in the last two years, offered an opportunity to go onto the Supreme Bench of the United States. 2. On both occasions the President of the United States said to Mr. Carlisle that the Democratic party could hardly afford to spare him from his present position as Speaker, and pleaded with him not to leave it. 3. On both occasions Mr. Carlisle sacrificed the ambition of his life at the demand of his party.—Cincinnati Enquirer.

An Evening at Hayswood.

An opening session of the Hayswood Literary Club Saturday evening was among the most pleasant local events of the past week. The members of the Club had invited some of their friends, most of the favored ones responding. Miss Lucy Watson presided over the session with charming grace and dignity. On a call of the roll, each member responded with a short quotation, concluding with the name of the author. Then followed recitations. Each recitation was introduced by a brief sketch of the author of the selection, and at the conclusion the audience were called upon to name the author. This was a novel and interesting feature of the exercise. Following is the programme:

"Vanity"—Estelle Sparks.
"A Woman's Question"—Carrie D. Hays.
"A Song of Degrees"—Fannie Frazer.
"A Woman's Conclusions"—Keith Green.
"The Lost Chord"—Sue A. Hays.
"The Brides of Enderby"—Jennie Mayhugh.

At the conclusion of the exercises, refreshments were served, after which Miss Wilkins, teacher of the Music Department at Hayswood, and Miss Mattie Evans, a pupil of Sayre Institute, Lexington, favored the audience with some instrumental and vocal solos, closing the evening's entertainment.

Personal.

Miss Mamie Scott, of Mayslick, is visiting Mrs. Joseph Perrie, of East Third street.

Mr. C. B. Williams and bride returned home Saturday from their trip South.

The Funeral of Michael W. Duryea. Mayslick has witnessed few such funerals as Mike Duryea's last Friday. The summons came suddenly—the shock was great. In the very prime of life, without the slightest warning, he was called to join the great procession that moves always toward the unknown.

A splendid band of music came up from Maysville (Hancock) and played the sweetest dirges, the tenderest marches. Our organist Miss Berry, touched the keys of the organ and they responded in the most plaintive notes of "Nearer My God To Thee." John and Seymour Porter were there and covered the beautiful casket with flowers—a pillow, anchor, two wreaths, a bleeding heart, all in natural flowers of every hue and dye, a sheaf of wheat and sickle, so natural and artistic. Tears and lamentations followed the consolation of the gospel as given by his pastor Rev. W. T. Spears, and prayer by Rev. W. T. Cody, and then at the beautiful cemetery as the remains were laid to rest, the hand sent forth its most tender sympathetic notes—for the "Sweet Spirit, Hear Our Prayers." May the prayers for the bereaved family, for brothers and sisters all be answered, and the clouds rest gently on his breast.

Mr. Duryea was a member of the Presbyterian Church and a member of the I. O. O. F., and was buried with all the rites and ceremonies of the order.

Among the venerable men who took part in the ceremonies we observed the venerable figure of James Rice, of Maysville, perhaps the oldest Oddfellow in Mason County.

MASON DEMOCRACY.

An Harmonious Mass Meeting at the Court House Saturday.

Cleveland and Buckner Enthusiastically Endorsed—C. B. Poyntz for District Delegate to St. Louis.

RESOLUTIONS AND DELEGATES.

The mass meeting of the Mason Democracy at the court house last Saturday was attended by a crowd that comfortably filled the room. The meeting was harmonious, and was enthusiastic throughout. It was quite different from the Republican convention a week ago. The Democrats Saturday did not sit around in silence as though they had assembled to attend the funeral of their party.

Major T. J. Chenoweth, chairman of the County Executive Committee, rapped for order at 2 o'clock. It was the first meeting of the Democracy since his election as chairman, and he expressed his thanks for the honor. He had been elected by no clique, he was not a candidate for County Clerk, and he intended to discharge the duties of chairman with an eye single to the good of his party. The object of the meeting was then stated, and nominations for chairman called for.

Charles B. Poyntz placed 'Squire John Ryan in nomination. Colonel W. W. Baldwin nominated Major Chenoweth. Major Chenoweth said he was not a candidate, and asked Colonel Baldwin to withdraw his name. This Colonel Baldwin refused to do. M. J. McCarthy moved that 'Squire Ryan be nominated by acclamation. The motion carried, there being but one or two dissenting votes.

After 'Squire Ryan returned thanks for the honor, Martin O'Hare and P. P. Parker were elected secretaries, with W. P. Campbell, Geo. W. Oldham and M. F. Marsh assistants.

Hon. R. B. Lovel moved that a committee of three be named by the chair to select delegates to the State convention. The chair appointed Messrs. R. B. Lovel, Hugh Shannon and Thomas M. Wood.

During the absence of the committee there were calls for "Simonds," "Parker," "Gill," "Wall" and others. Mr. Gill was the only one who responded. His remarks were brief and to the point. He congratulated the crowd upon the good will that had marked the proceedings. His reference to Cleveland as the best President the country has had since Washington was warmly applauded.

The committee reported the following list of delegates with the instruction that those delegates who attend the State convention at Lexington should cast the vote of the county:

Maysville No. 1—Martin O'Hare, Chas. Reed, John Moore, J. P. Wallace, Chas. B. Poyntz, J. H. Salter, M. F. Marsh, John W. Watson, R. B. Lovel, E. L. Worthington, P. P. Parker, E. A. Robinson, L. C. Blatterman, Hon. A. E. Cole, W. W. Ball, E. E. Pearce, Jr., Hugh Shannon, G. W. Oldham, P. G. Triplett, Jas. F. Robinson, J. B. Orr, Jr., J. D. Kehoe, John W. Alexander, John C. Lovel, Captain Frank Powers.

Maysville No. 2—Major Thomas J. Chenoweth, W. S. Frank, Dr. T. E. Pickett, Frank Kerr, James N. Kehoe, M. F. Kehoe, Emery Whitaker, T. A. Broshears, G. S. Wall, M. J. McCarthy.

Dover—Charles Hanna, J. C. Grove, J. C. Pickett, Will Havens.

Minerva—Joseph Walton, D. F. Frazee, Dr. W. B. A. McNutt.

Germanstown—John Coughlin, J. N. Woodward.

Fern Leaf—Harry Binyo, P. B. Owens.

Sardis—Ben W. Wood, Charles Bland.

Mayslick—A. P. Gooding, Jno. Archdeacon, Chas. Jefferson.

Lewisburg—Alex Calvert, J. M. Alexander, Tim Buckley.

Orangeburg—W. H. Coryell, Lewis Anlier.

Washington—John Ryan, John Furlong, Thomas Downing.

Murphysville—W. S. Cliff, W. W. Worthington.

Chester—Ed Hutchison, Nelson Whitaker.

The report with the instruction accompanying it was adopted.

Judge Wall offered the following resolution:

Resolved, That we endorse the policy and conduct of the administration of the general government by President Cleveland as alike patriotic and honest, and as representing the principles and illustrating the genius of a true Democracy; and that we unanimously approve his re-nomination by the National Democratic Convention to be held at St. Louis, and will give him our cordial and enthusiastic support.

Major Chenoweth amended by adding that the delegates to the State convention be instructed to vote for Charles B. Poyntz for district delegate to the St. Louis convention.

Dr. C. C. Owens thought the convention ought to endorse the action of Kentucky's Democratic Representatives in Congress, but did not urge the matter.

Judge Wall's resolution with Major Chenoweth's amendment was adopted unanimously.

Judge Wall also offered the following resolution which was adopted:

Resolved, That we heartily endorse the administration of State affairs by Governor Buckner, and believe that Kentucky has in him the "model" Governor of the United States.

On motion of Charles B. Poyntz the meeting adjourned.

MAY 15th and 16th the Kentucky Central will sell round trip tickets to the Democratic State Convention at Lexington at \$2.75. Tickets good returning on the 17th.

MEETING WITH FAVOR.

THE SUGGESTION THAT QUEEN VICTORIA VISIT DUBLIN.

The Invitation Out of Place Under the Circumstances—Terrible Disaster in a Messina Tunnel—Scores of Workmen Killed—Mr. Dillon's Advice—Foreign.

LONDON, May 7.—The suggestion of the authorities and attaches of Dublin castle that the queen pay a visit to Dublin is meeting with widespread favor in England, and many parts of Ireland as a solution of the Home Rule and papal interference problems.

Of course it is given out that the Dublin castle people have nothing to do with the suggestion, and will have less to do with her majesty's reception in the event of her going to the Irish capital, except, of course, to pay her the homage due from public servants to the sovereign, but it is an open secret that nobody in Ireland outside of official life and the pale of the Ulster Orangemen cares whether the queen visits Ireland, stays in England or adds herself to the throng who are presumably applauding John Brown's playing of the celestial bagpipes, and the invitation, if she has been invited, must have come from the agglomeration of personages, sycophants and hangers-on, who infest and surround the seat of government in Ireland.

Had her majesty deigned to pay a visit to that part of her dominion which most needed her attention five years ago she would have received a welcome from all classes such as no monarch had ever received at the hands of loyal subjects; but the fact that she preferred to confine herself to her English and Scotch residences while occasionally visiting a foreign country where she might be the recipient of entertainment at the hands of royalty, has alienated the questionable affection which the inhabitants of the Emerald Isle entertained for her and turned the sweetness of loyalty into the acid of indifference or the gall of hate.

During the century of Queen Victoria's reign, the aggregate number of days she has spent in Ireland exceeds a fortnight by only three or four days. Should she go there now, she can only hope for welcome at the hands of the obsequious employees of the government and the minority comprising the followers of the faith of the Prince of Orange, and it would probably require a larger body of soldiery to shield her from insult than ever accompanied the stadtholder in any of his victories.

The pope's decree against the plan of campaign has only helped to make matters worse and her majesty's invitation to Ireland at this time is inopportune as her absence from the island for many years has been unfortunate and ill-advised.

A Tunnel Disaster.

ROME, May 7.—An awful disaster occurred in a tunnel at Messina Friday. The tunnel was in process of construction. Four hundred men were at work inside the long, narrow and dark excavation and in the shafts. Suddenly there was an explosion of gas, which, by concussion, exploded a package of dynamite. The effect was terrible. Workmen all along the tunnel were killed by scores.

The number of the dead is not yet known, so great is the confusion and so difficult it is to perpetrate the tunnel, on account of the foul air. Many of the victims who were killed outright died from suffocation. There is great wailing and anguish in Messina over the calamity. Thousands are waiting around the mouth of the tunnel in agony of suspense.

Stepping Stone to Home Rule.

DUBLIN, May 7.—The Northern Whig, Liberal, of Belfast, states that on last Thursday Mr. Gladstone received three Nationalist members of parliament at his house and that a discussion took place on the drafting of an Irish local government scheme which would serve as a stepping stone to a future Home Rule plan. Lord Roseberry was also present at the meeting.

Mr. Gladstone denies the statement of the Belfast Northern Whig that he received three Parnellite members of commons on Thursday, and says that there is no foundation whatever for the report.

An Important Announcement.

DUBLIN, May 7.—The Freeman's Journal says that Mr. Parnell will make an important announcement at the Eighty club dinner on the 8th inst. Mr. Parnell believes, it says, that the agrarian movement in Ireland may be conducted with sufficient effect without collision with the religious feelings of Irishmen. He desires that the Irish people shall give due weight to the wishes of the Vatican in matters of faith and morals, while at the same time insisting on their claim that politically Irish opinion and judgment must be supreme.

Will Discuss the Rescript.

BERLIN, May 7.—The Freeman's Journal states that the Irish Roman Catholic members of parliament, at the requisition of the lord mayor of Dublin, Mr. Thomas Sexton, will hold a meeting in this city for the purpose of discussing the papal rescript.

The people of a number of parishes in Ireland have warned the priests that if the pope's rescript against the league is read in the chapels they will protest against it by leaving.

Won't Be Ruled By Italians.

DUBLIN, May 7.—Mr. Dillon, in a speech at Kilmurphy, County Limerick, advised the people to adopt the plan of campaign, and to boycott all persons who take evicted farms. Though the people, he said, were bound to obey the commands of Rome in matters of church discipline, they would not have politics dictated to them by Italians.

Judgment Postponed.

DUBLIN, May 7.—The magistrates who are trying Mr. T. J. Condon, member of parliament, for alleged offenses under the crimes act, have postponed judgment in his case, pending the decision of the court of queen's bench upon the loyalty of the proceedings of the grand jury.

Epidemic in Madrid.

LONDON, May 7.—Dispatches from Madrid state that an epidemic is raging there and that it is feared that it is a form of cholera. The disease is due to the intense heat and to drinking impure milk.

Growing Stronger.

BERLIN, May 7.—The emperor is stronger and has walked some in the orangery. The fever has lessened, but the doctors say that they do not expect it to subside entirely.
